### Two Decades of Cybersecurity In The Northwest

#### Advisory Board

Dr. Janet Nelson, U of Idaho William Pike, PNNL Zach Tudor, INL Dr. David Manz, PNNL Kevin Owens, Cerberus Cybersecurity

#### Key Deadlines

Abstract Submission January 18, 2019 Presenter Notification February 15, 2019 Full Presentation Submission March 1, 2019 Early Registration Ends March 1, 2019 Final Registration Ends April 1, 2019

# NORTHWEST CYBERSECURITY SYMPOSIUM

# CALL FOR PRESENTATIONS

April 8 - 10, 2019 Richland, Washington State, U.S.A.

The 2019 Northwest Cybersecurity Symposium is an opportunity for researchers, government agency representatives, and business professionals to come together to discuss the cybersecurity challenges we face in the Northwest. We seek presentation submissions from academia, industry, and government describing innovative research, case studies, and best practices on all practical and theoretical aspects of cybersecurity.

Examples of possible topics include:

- Network Security
- ◊ Secure Coding Practices
- ◊ Software Analysis
- Security Policies
- ◊ Privacy and Anonymity
- Sociological and Behavioral
  Aspects of Security and Privacy
- ♦ Critical Infrastructure Security
- Industrial Control System Security

- ◊ Economic Impacts of Security
- ◊ Transportation System Security
- Ower Grid/ Smart Grid Security
- ♦ System Security Case Studies
- Situational Awareness
- Ocmputer and Network Forensics
- Malware Analysis and Reverse Engineering
- Cybersecurity Education and Training

## CALL FOR PRESENTATIONS

### **GUIDELINES FOR PRESENTORS**

Authors are kindly requested to submit presentation abstracts that are relevant to the conference topics. Abstracts and presentations for accepted abstracts shall comply with the following rules:

- ♦ Abstracts shall be in pdf format and no longer than 1 page
- Abstracts shall include a title, the proposed length (20, 30, or 45 minutes), the abstract body, and the presentor's name and affiliation, as well as that of any associated persons
- ♦ Abstracts and presentations shall be written and presented in English
- ♦ Presentations shall be in a .ppt or .pptx format
- ♦ Please ensure that all copyrights or trademarks are preserved and respected

All abstracts will be reviewed by at least three independent reviewers. One full attendee registration is required for each presentation. Registration fees include admission to all technical sessions, welcome reception, coffee breaks, lunches, gala dinner, and access to documentation. A reduced rate for student registration is available to bona fide students when accompanying someone holding a paid registration at the full rate.

English is the working language of the conference. All printed material, presentations, and discussions shall be in English.

### VENUE INFORMATION

New in 2018, the Pacific Northwest National Laboratory's Discovery Hall is a collaboration-rich environment where our researchers gather with academic and industrial partners. It is a modern venue to generate new ideas and solve complex problems in the areas of scientific discovery, energy resiliency, and national security. Discovery Hall is located at 650 Horn Rapids Road, Richland, WA. Free parking is available at the facility.

Lodging information in nearby Richland is available at the conference website, www.CyberSecuritySymposium.org.

### <u>CORRESPONDENCE</u>

For questions or suggestions, please contact the Conference Organizational Chair, Dr. Jess Smith, or the Conference Organizing Committee at NCS@pnnl.gov. More information can also be found at the conference website, www.CybersecuritySymposium.org.
