

## TWO DECADES OF CYBERSECURITY IN THE NORTHWEST

### Advisory Board

Dr. Janet Nelson, Uni. of Idaho

Dr. William Pike, PNNL

Zach Tudor, INL

Dr. David Manz, PNNL

Kevin Owens,

Cerberus Cybersecurity

### Key Deadlines

Paper Submission

January 18, 2019

Presenter Notification

February 15, 2019

Final Camera Ready

March 1, 2019

Early Registration End

March 1, 2019

Final Registration

April 1, 2019

# NORTHWEST CYBERSECURITY SYMPOSIUM

## CALL FOR PAPERS

APRIL 8 - 10, 2019

RICHLAND, WASHINGTON STATE, U.S.A.

The 2019 Northwest Cybersecurity Symposium is an opportunity for researchers, government agency representatives, and business professionals to come together to discuss the cybersecurity challenges we face in the Northwest. We seek paper submissions from academia, industry, and government describing innovative research, case studies, and best practices on all practical and theoretical aspects of cybersecurity.

Examples of possible topics include:

- ◇ Network Security
- ◇ Secure Coding Practices
- ◇ Software Analysis
- ◇ Security Policies
- ◇ Privacy and Anonymity
- ◇ Sociological and Behavioral Aspects of Security and Privacy
- ◇ Critical Infrastructure Security
- ◇ Industrial Control System Security
- ◇ Economic Impacts of Security
- ◇ Transportation System Security
- ◇ Power Grid/ Smart Grid Security
- ◇ System Security Case Studies
- ◇ Situational Awareness
- ◇ Computer and Network Forensics
- ◇ Malware Analysis and Reverse Engineering
- ◇ Cybersecurity Education and Training

# NORTHWEST CYBERSECURITY SYMPOSIUM

## CALL FOR PAPERS GUIDELINES FOR AUTHORS

Authors are kindly requested to submit previously unpublished works that are relevant to the conference topics, complying with the following rules:

- ◇ Six to eight pages in length, including citations and graphics
- ◇ Written and presented in English
- ◇ Anonymized for peer review in a double blind process
- ◇ Formatting instructions and template available at: <http://www.acm.org/publications/proceedings-template> authors should use “sigconf” to format their papers

All submissions will be reviewed by at least three independent reviewers. After presentation at the conference, accepted papers will be published in the ACM International Conference Proceedings Series database. One full attendee registration is required for each paper. Registration fees include admission to all technical sessions, welcome reception, coffee breaks, lunches, gala dinner, and access to documentation. A reduced rate for student registration is available to bona fide students when accompanying someone holding a paid registration at the full rate.

English is the working language of the conference. All printed material, presentations, and discussions shall be in English.

## VENUE INFORMATION

New in 2018, the Pacific Northwest National Laboratory’s Discovery Hall is a collaboration-rich environment where our researchers gather with academic and industrial partners. It is a modern venue to generate new ideas and solve complex problems in the areas of scientific discovery, energy resiliency, and national security. Discovery Hall is located at 650 Horn Rapids Road, Richland, WA. Free parking is available at the facility.

Lodging information in nearby Richland is available at the conference website, [www.CyberSecuritySymposium.org](http://www.CyberSecuritySymposium.org).

## CORRESPONDENCE

For questions or suggestions, please contact the Conference Organizational Chair, Dr. Jess Smith, or the Conference Organizing Committee at [NCS@pnnl.gov](mailto:NCS@pnnl.gov). More information can also be found at the conference website, [www.CyberSecuritySymposium.org](http://www.CyberSecuritySymposium.org).
